

FARClause

■ Benefits

Automate and streamline your FAR compliance

Unison's FARclause provides contracts professionals with the capability to understand clauses in RFPs and contracts quickly and accurately to maintain Federal Acquisition Regulation (FAR) compliance.

Locate FAR clauses quickly to positively benefit proposal prices.

Analyze clauses from a prime or subcontractor view in real-time for contractual risk and applicability.

Generate accurate FAR subcontractor flow down clauses.

Extract clauses from RFPs and contracts.

Validate dates to verify that contract contains the latest clauses.

Save time with side-by-side comparisons to determine which clauses apply.

■ Key Features

Unison FARclause provides you with tools to comply with FAR, DFARS, and agency supplements—instantly extract, edit, and save clauses from RFPs and contracts.

- Extract FAR clauses from a document and download them into a properly sorted list viewable in Excel or PDF.
- Categorize clauses by departmental function and search across your company's contracts by keywords, clause numbers, or contract numbers.
- Save frequent searches and critical clauses into your favorites list.
- Ensure secure access with multi-factor authentication.
- Identify mandatory FAR clauses and narrow search results by FAR titles, prescriptions, versions, subcontractor flow down requirements, or search full text clauses and provisions.
- Access Federal Acquisitions Regulation (FAR), Defense Federal Acquisition Regulation Supplement (DFARS), and other agency FAR supplements, all in one place.
- Annotate clauses based on corporate level guidance or make notes unique to you and each contract.
- Determine which clauses should flow down from prime contractors to subcontractors and create an audit trail of why certain clauses were omitted or included.
- Confirm Contractor Purchasing System Review (CPSR) audit compliance.
- Discover clauses that may conflict with general terms and conditions of your agreement.
- Customize user access and manage user privileges.
