

# Contracting.

## ■ Benefits

# Secure, efficient compliance.

Unison Contracting enables leading acquisition executives to avoid expensive failures and dead-ends by securely and efficiently complying with FAR/DFARS and agency specific regulations.

Fully comply with FAR/DFARS and agency supplements.

Receive successful audits.

Quickly and effectively respond to protests.

Waste less time on duplicative data entry, analysis, and reporting.

Eliminate process bottlenecks and compress PALT.

## ■ Key Features

Unison Contracting provides managers, policy makers, and 1102s a secure, efficient, proven approach to complying with FAR/DFARS and agency specific regulations.

- Unison's Contracting Module delivers proven full and fast initial operating capability (IOC) and fully supports the entire acquisition lifecycle – from acquisition planning through closeout.
- Ready interfaces to financial systems, FPDS, FBO, SAM, EDA, and other systems.
- Unison's FedConnect enables auditable, bi-directional communication among government acquisition teams and vendors and supports Contracting Officers throughout the acquisition lifecycle.
- Clause Validation engine that ensures clauses are current, accurate, and applicable.
- Digital Signature capability that provides secure, authenticated, bi-lateral document ratification.
