Program Management

Schedule.

■ **Benefits**

Milestone and task tracking.

Unison Schedule provides program leaders, program control, and project managers an executive level view of progress toward milestone dates, critical path, and potential delays.

Greater visibility into the progress of schedule status, task status, and team performance.

Real time dashboards to provide key metrics and status.

Easy collaboration through workflows, alerts, chat rooms, and instant messaging to help teams stay on track.

■ **Key Features**

Unison Schedule prevents administrative snags from festering into dangerous program delays.

■ Create and manage project plans.

■ Configurable dashboards reporting program information from key process areas.

■ Work queues providing a quick view into task stats per team and individual.

■ Gantt charts for single or cross project schedules.

■ Interface with scheduling tools, such as MS Project and Primavera.
