

VAO.

■ Benefits

Boost workforce development.

VAO is a comprehensive workforce development solution that engages acquisition professionals, financial assistance professionals and their peers and boosts their productivity and career potential. VAO includes collaboration and productivity tools, best practices templates, online curricula, and summaries of breaking regulatory and legislative news vital to acquisition and financial assistance professionals.

Stay apprised of key acquisition initiatives, regulatory changes, and procurement activity.

Improve decision-making and avoid sustained protests, delays, and failed audits.

Assess competency areas, identify best practices to close gaps, and measure progress.

Identify collaborators for an acquisition, find solutions, locate a mentor, and endorse the expertise of peers.

Perform faster and more effective market research.

Achieve required CLP training credits to maintain your warrants.

Engage your workforce, clarify key objectives, promote initiatives, and share news, key dates, mandates, and imminent changes.

■ Key Features

Unison VAO provides a variety of tools, best practices, education, and resources to acquisition and financial assistance professionals.
