Leadership Hub.

■ Benefits

Engage your workforce.

Unison Leadership Hub enables acquisition leaders to engage their teams and call attention to key initiatives, policy changes, and important dates with a centralized location for salient, current guidance, training, and news.

Frequently engage with your team on key initiatives, policy changes, and important dates.

Empower your workforce to make good decisions by providing them with salient, current guidance and training.

Unify your agency with a centralized, secure location for policies, communication, and collaboration.

■ Key Features

Unison Leadership Hub offers a modern, compelling, and secure interface composed of configurable tiles.

- SPE profiles with pictures, top priorities, important dates, and direct reports' contact information.
- The latest news about the FAR, DFARS, supplements, The Hill, the Administration, OFPP, and protests.
- A comprehensive framework with intuitive guidance that complements agencies' policy teams and directives.
- Tools and training to help program offices and acquisition professionals collaborate earlier, more often, and more effectively.

- Tools and training to help program offices and acquisition professionals collaborate earlier, more often, and more effectively.
- Dynamic list of trending 1102 news and resources.
- An easily navigated repository of pressing guidance and directives.
- Highlights of 1102s and other team members who have taken extraordinary steps to pursue the mission.
- A secure FedRamp certified cloud environment.

Coming Soon:

- A leading edge, immersive experience enabling new 1102s to figure out "what's next" at any point during any type of acquisition.
- A secure platform for acquisition professionals to search each other's profiles and find expert guidance, along with discussion groups and rewards for being contributing members.
