

# PMR.

## ■ Benefits

# Drive successful Procurement Management Reviews.

Unison PMR provides acquisition professionals, managers, and executives a robust, proven approach, utilities, and reports for ensuring reviews are thorough and effective – without requiring weeks of tedious preparation.

Increase compliance with Federal and agency procurement laws and regulations

Inform agency acquisition leadership on where training is needed

Better understand operations of procurement centers and offices

Improve operational and transactional effectiveness of acquisition functions

## ■ Key Features

Unison PMR offers a robust set of tools to support the activity, from organizing the review through execution and remediation.

- Establish line of inquiry and associate contracts or other acquisition artifacts based on agency defined criteria (e.g. dollar amount, acquired good or service, bureau, region, etc.).
- Associate necessary contracts and contract folders for review (by region, by type of procurement, by \$ amount, by multiple criteria, etc.).
- Aggregate findings and create PMR reports for the team to provide as a final output.
- Workspace(s) created for PMR based on line of inquiry including agency determined templates.
- Collaboration by various teams (site visit team, file review team, etc.).
- Process for approving PMR at its conclusion.
- Templates, folder structure, milestones, checklists, security, and notifications.
- Agency determines appropriate number of PMR workspace templates to support agency organizational requirements.
